MATCH

Weighted Academic Core GPA + Test Scores + Academic Rigor are WITHIN the range indicated

SAFETY

Weighted Academic Core GPA + Test Scores + Academic Rigor are ABOVE the range indicated; schools w/ *high* acceptance rates

Acceptance Rate: The percentage of first time students (freshman) who applied to the school and were accepted.

Graduation Rate: The graduation rate is the percentage of students who graduate within a specific period, usually 4 years.

Average Total Cost: The average annual *net price* that a student who receives federal financial aid pays to cover all expenses including tuition, fees, housing, meal plan, living expenses, etc. **Net price is the school's cost of attendance minus any grants and scholarships received. For public schools, the amount reported will be different for in state vs. out of state students.*

DYK?! Federal law requires every Title IV college or university to have a “Net Price Calculator” available on their institution website so students and their families can more accurately determine their individual EFC, or Estimated Financial Contribution. So start researching!
