

Thank you for your interest in the AP Capstone program! AP Capstone is an innovative special diploma program that provides students with the opportunity to “engage in rigorous scholarly practice of the core academic skills necessary for successful college completion.”

AP Capstone is built on the foundation of two courses—AP Seminar and AP Research—and is designed to complement and enhance the in-depth, discipline specific study provided through AP courses. It cultivates curious, independent, and collaborative scholars and prepares them to make logical, evidence based decisions. In addition, AP Capstone students are at a definite advantage both when it comes to college admissions and college opportunities. Our former students attend all major universities in Florida and colleges all over the nation; citing capstone as one of the benefits to their acceptance.

#### WHAT ARE THE CLASSES LIKE?

We have very few tests and quizzes in Seminar, with most of the work being research and learning how to write and present. We have lots of classroom discussions, debates, and team building. We have periods of crazy intensity followed by periods of chill.

Capstone is an excellent way to prepare yourself for college success, and both courses are attractive additions to your transcript. Should you have any questions, please feel free to contact me at [Lindsay.konradt@ocps.net](mailto:Lindsay.konradt@ocps.net).
